Between-Visit Check-In Survey - Draft for Review

Skip logic / branch		Urgent / safety

#	Question	Answer options	Skip logic	Notes / edits
Q1	Is your child still taking their seizure medicine at the prescribed dose?	☐ Yes, the same as prescribed ☐ The dose has changed ☐ They have stopped taking it	All answers continue to Q1a.	
Q1a	DOSE DETAIL Please confirm the medicine and the dose your child is taking now.	Medicine: _____ Form (choose one): ☐ Tablet — _____ mg per tablet ☐ Liquid — _____ mg per mL Amount each time: _____ (mg / mL / tablets) Times per day: ☐ 1 ☐ 2 ☐ 3 ☐ 4	Shown to all. If Q1 = "changed" or "stopped," also show free-text: "Please describe what changed." All answers continue to Q2.	Restored structured dose capture per Kristen's Q1 note: formulation (tablet mg/tablet vs. liquid mg/mL), amount per dose, and frequency (1–4×/day), replacing the generic free-text fallback.
Q2	In the past 1 week, how often did your child miss a dose?	☐ Almost never misses a dose ☐ Sometimes misses a dose ☐ Stopped taking it	"Almost never miss" → skip to Q3 Any missed/stopped → show Q2a, then continue to Q3	
Q2a	MISSED-DOSE FOLLOW-UP What was the main reason? (Check all that apply)	☐ Cost or insurance ☐ Side effects ☐ Hard to remember to take it ☐ Child refuses to take it ☐ Ran out of medication ☐ Other	Shown only if Q2 = missed or stopped. All answers continue to Q3.	
Q3	Since your last update, has your child had any seizures?	☐ No ☐ Yes	"No" → skip to Q8 "Yes" → continue to Q4–Q7	
Q4	What did the seizure look like? (Check all that apply)	☐ Brief staring or pauses ☐ Sudden jerks or twitches ☐ Stiffening of the body ☐ Whole-body shaking or convulsion ☐ One part of the body / unusual movements ☐ Not sure	Shown only if Q3 = Yes. Continues to Q5.	
Q5	How many seizures in the past 4 weeks, and how often? Number: _____ Per:	☐ Per day ☐ Per week ☐ Per month	Shown only if Q3 = Yes. ⚠ requires two separate fields for number + unit.	⚠ Confirm: two fields OK, or use a single free-text field?
Q5b	When was the most recent seizure? < 1 week, 1-2 weeks,	(Free text — MM/DD/YYYY)	Shown only if Q3 = Yes.	

	2-4 weeks, more than 4 Date: ___/___/_____			
Q6	Compared with your last visit, the seizures are:	☐ Fewer ☐ About the same ☐ More frequent ☐ A new type has appeared	Shown only if Q3 = Yes. Continues to Q7.	
Q7	When your child had a breakthrough seizure, were they taking their seizure medication the two days prior to the seizure?	☐ Yes ☐ No	Shown only if Q3 = Yes. All answers continue to Q8.	
Q8	Is your child having any side effects that may be from the medicine?	☐ No ☐ Yes	"No" → skip to Q11 "Yes" → continue to Q9–Q10	
Q9	Which ones? (Check all that apply)	☐ Sleepiness or tiredness ☐ Irritability or mood changes ☐ Behavior changes ☐ Dizziness or unsteadiness ☐ Rash ☐ Nausea or appetite change ☐ Other	Shown only if Q8 = Yes. If "Rash" checked → show Q9a.	
Q9a	RASH FOLLOW-UP How significant is the rash?	☐ It is a small rash ☐ It is a large rash {} It causing blisters	Shown only if "Rash" checked in Q9. "Spreading/blistering" → show SJS warning message. All answers continue to Q10.	⚠️ Confirm SJS warning text and whether the form should continue or stop here.
Q10	REMOVE THIS ONE How much are the side effects impacting your child's day?	☐ No impact ☐ Small impact ☐ Medium to Big impact ☐ Big impact and we would like to change the medicine	Shown only if Q8 = Yes. Continues to Q10a.	"A littleA lot" in the draft appeared merged. Split into two levels — confirm.
Q10a	Are you still increasing the medicine toward a goal dose, or have you reached the goal dose?	☐ Still increasing toward goal dose ☐ At the goal dose ☐ Not sure	"Still increasing" → show Q10b "At target" → show Q10c "Not sure" → skip to Q11	
Q10b	STILL TITRATING		Shown only if Q10a = "Still increasing." All answers continue to Q11.	
	STILL TITRATING Children can experience more side effects when adjusting to a new dose increase. After your child has been on a new dose for 5-10 days, how much are the side effects impacting your child's day?	☐ No impact ☐ Small impact ☐ Medium to Big impact ☐ Big impact and we would like to change the medicine		After 4 weeks after first prescription, –!
Q10c	AT TARGET DOSE		Shown only if Q10a = "At target dose."	

	How long has your child been on this dose? _____ days/weeks/months/years		All answers continue to Q11.	
	AT TARGET DOSE How much are the side effects impacting your child's day?	☐ No impact ☐ Small impact ☐ Medium to Big impact ☐ Big impact and we would like to change the medicine		
Q11	Overall, how have your child's seizures changed from the medication?	☐ Better ☐ About the same ☐ Worse {} Not sure	All answers continue to Q12.	
Q12	Do you have a preference about the medicine?	☐ No strong preference right now. I would like to hear the doctor's advice first. ☐ Would like to change the dose ☐ Would like to try a different medicine ☐ Other	All answers continue to Q13.	
Q13	Anything else you would like the care team to know? (optional)	(Free text)	→ Submit
